WITNESS PISTOLS BY TANFOGLIO IMPORTED BY EAA

You are ready to buy a handgun, and the first question you need to ask yourself is, what do I want to do with this handgun?

- 1) Do you want to carry the gun for self defense?
- 2) Do you want a gun for home defense?
- 3) Do you want to go do a little plinking?
- 4) Do you want to hunt?
- 5) Do you want to do some competition shooting?
- 6) Do you just want a great new gun?

If you answered 1, 2, 3, 4,5 or 6 then you want a Tanfoglio Witness pistol. We are not the lowest priced pistol and some may claim to be better in a specific category, but for an all around pistol it is hard to beat a Tanfoglio Witness. Originally the Witness started out as a copy of the world famous CZ 75®. Today the Tanfoglio Witness is writing the book for an all around pistol.

WITNESS STEEL PISTOLS

- Witness Steel Pistols can be converted to 9mm, 10mm, .38 Super, .40 SW & .45ACP

Say you want a pistol for self defense, home defense or lawful concealed carry. There are so many choices out there. You want a pistol that could be a carry gun as well as enjoyable to shoot and chambered in a caliber that can knock down an assailant. Get a standard Witness in steel...

WITNESS ELITE SERIES

You say you want a pistol to do a little plinking. Try a Witness Match or Witness Stock. Go to the range or your favorite shooting place and discover why it is just plain fun to take a Witness out plinking. It is almost like the gun frame molds to your hand. It points and shoots and you hit what you aim for. It is like taking a fine sports car out for a drive. Maybe it is time you enjoyed your plinking more.

The Bounty Hunter single action revolver has been sold in the USA for over 20 years. Made in Germany and available in 22LR / 22WMR, .357 Mag, .44 Mag and 45 LC, it is simply one of the best single action revolvers produced. You can purchase a more expensive, or a famous brand, but you won't be getting a better single action firearm.

BOUNTY HUNTER IMPORTED BY EAA

The Bounty Hunter is a traditional 6 shot single action revolver with traditional resting notch, but it also has a transfer bar and recessed chambers for shooting safety. Our 22LR/22WMR

version is on a full size frame unlike our competition. So you can practice your Cowboy Action Shooting with rimfire or go plinking with our 6rd or 8rd rimfire cylinders. There are a lot of single action revolvers out there but none better than The Bounty Hunter from EAA. Corp.

K2 IMPORTED BY EAA

K2 Semi Auto Pistols have been around for a long time. The K2 takes many of the modern designs and puts them in one pistol to come up with one of the best high capacity semi auto pistols in the world. Built by Sarsilmaz for the Turkish Military, the K2 is truly an amazing gun to shoot. The grip is comfortable, it points well and felt recoil is amazing low for the caliber being used. Get your hands on a K2 and you will put your other Semi Auto pistols in your safe. Features: cocked and locked carry system, ergonomically designed grip, steel frame and slide, adjustable sights, accessory rail, extended beaver tail, elongated trigger guard with serrations, fore and aft frame serrations, removable dove tailed front sight, upper and lower barrel lock up, and auto firing pin block. Available in: (9MM, 40SW, 45ACP, 10MM)

WINDICATOR IMPORTED BY EAA

Windicator is the German word for Vindicator. We have been selling this revolver for over 20 years and it just keeps on selling. It's not the sleekest, or lightest, or prettiest, but it is dependable and works! You won't need to be "Vindicated" when you carry the Windicator. This revolver is a time tested partner for you with its six shot, double/single action. The Windicator gets the job done! Available in either .38 Special or .357 Magnum.

SAR SHOTGUNS

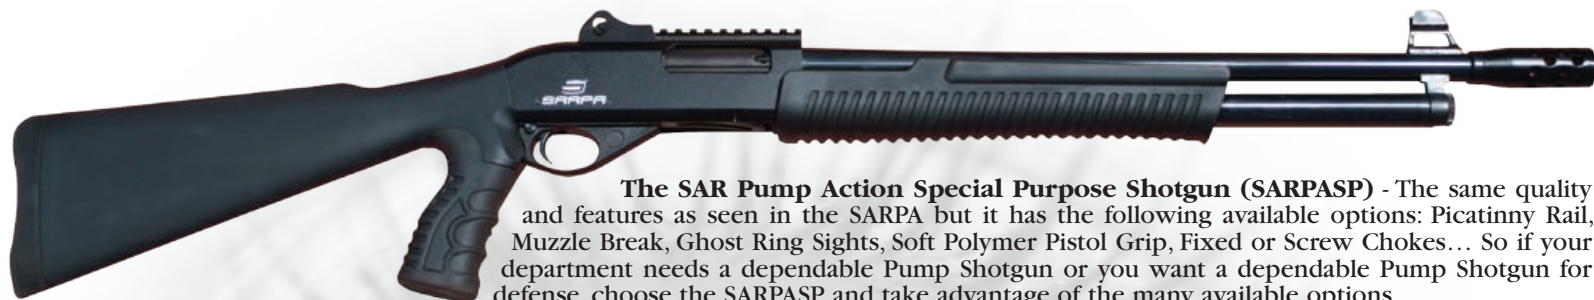

IMPORTED BY USSG

When Turkish Military and Law enforcement look for small arms they turn to one company: Sarsilmaz. In our opinion Sarsilmaz (SAR ARMS) is one of the best kept secrets in the world! Their state of the art small arms plant rivals manufacturing facility around the world. The quality that goes into each SAR ARMS firearm is un-rivaled. You can pay for a more famous name, but it will be hard to find a better product. Did you know that Turkey has the second largest Army in NATO? They carry SAR ARMS. SAR ARMS shotguns are simple proven designs made with high quality modern manufacturing techniques and materials.

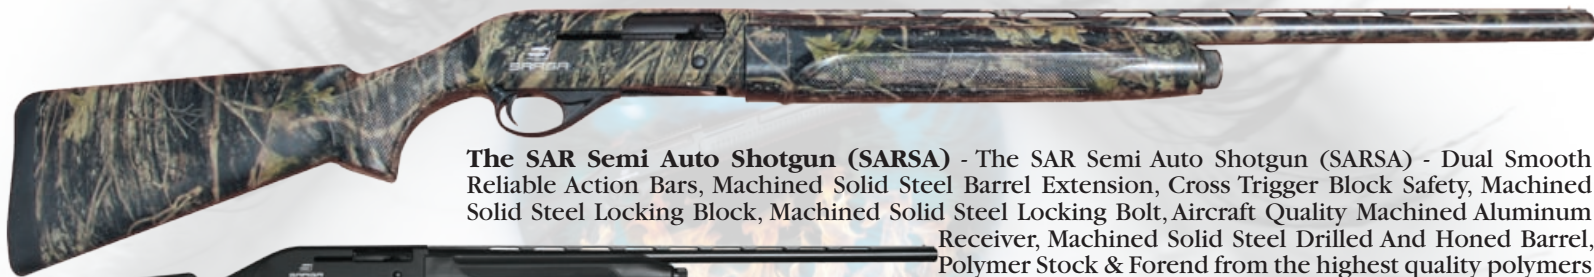

The SAR Pump Action Shotgun (SARPA) - Dual Smooth Reliable Action Bars,

Machined Solid Steel Barrel Extension, Cross Trigger Block Safety, Machined Solid Steel Locking Block, Machined Solid Steel Locking Bolt, Aircraft Quality Machined Aluminum Receiver, Machined Solid Steel Drilled And Honed Barrel, Polymer Stock and Forend from the highest quality polymers at proper thickness, Common modern choke tubes in a well known thread pattern (Hint: Italy and begins with a B). There are many Pump Action Shotguns, but there is only one SARPA!

The SAR Pump Action Special Purpose Shotgun (SARPASP) - The same quality

and features as seen in the SARPA but it has the following available options: Picatinny Rail, Muzzle Break, Ghost Ring Sights, Soft Polymer Pistol Grip, Fixed or Screw Chokes... So if your department needs a dependable Pump Shotgun or you want a dependable Pump Shotgun for defense, choose the SARPASP and take advantage of the many available options.

The SAR Semi Auto Shotgun (SARSA) - The SAR Semi Auto Shotgun (SARSA) - Dual Smooth

Reliable Action Bars, Machined Solid Steel Barrel Extension, Cross Trigger Block Safety, Machined Solid Steel Locking Block, Machined Solid Steel Locking Bolt, Aircraft Quality Machined Aluminum Receiver, Machined Solid Steel Drilled And Honed Barrel, Polymer Stock & Forend from the highest quality polymers

at proper thickness, Common modern choke tubes in a well known thread pattern (Hint Italy and begins with a B). There have been many Semi Auto Shotguns imported from Turkey, but there is only one SARSA and we are proud to say it is best.

SABATTI SAF 92 SIDE BY SIDE RIFLES IMPORTED BY USSG

It's time you stop dreaming and own a true Side by Side rifle. Sabatti's Safari 92 is designed and manufactured to assure performance, strength, reliability and accuracy. The receiver is forged and milled from a solid block of high strength steel. The barrels are made from chrome molybdenum steel and are cold hammer forged for better accuracy and tight tolerances. The selected grade walnut stock with full Bavarian cheek piece and beavertail forearm are hand checkered and oil finished. The front sight is fiber optic and the rear sight has a dove tail base to allow for rifle scope mounting on top of the rib. Basic models are blue with case color receivers and, Lux are nickel plated receivers with engraving. All large calibers are built on larger receiver with larger mono blocks for additional strength.

Engraved Receiver

Warne, Leupold & Millett are Registered Marks of their respective companies and are used here for reference purposes only.

MP94: The MP94 might be called an odd duck in a modern gun collection, but it is really a great idea. If you are out hog hunting and you wound the hog with the shotgun but don't have time to get another shotgun round off, simply move your finger to the rifle trigger or selector and you have the accuracy and distance of a rifle without changing guns or even swapping barrels like other so-called combo guns. Previously imported as EAA's IZH94. The MP94 is reasonably priced and a good looking combo. What are you waiting for? It is time for the MP94 combo.

*Features & Options:
Hammer Forged Chrome
Lined Barrels, Checkered Walnut
Stock & Forend, Machined Steel Receiver/
Monoblock, Extractors, 11 Mm Scope Rail Or
Picatinny Style Rail*

Shown with Optional
Walnut Stock/Forend

MP161K: If you could dream up a new design for a semi-auto rimfire rifle, the MP161K would be it. Its light weight, adjustable stock, ergonomically designed, polymer glass filled stock, picatinny rail are the features you dream about. No need to dream now you can buy your dreams at a reasonable price. Whether it is target shooting, small game hunting or just plain plinking fun the MP161K fits the bill.

Features Include: Adustable Length Of Pull And Cheekpiece Height, Integral Picatinny Style Rail For Optics Mounting, Adjustable Open Sights, Loaded Chamber Indicator, Accurized Barrel, Trigger Guard Mounted Button Safety

MP310: This top quality shotgun was first imported and sold in the USA as the IZH27, then sold by other companies under many names. It is now imported and available to you directly from USSG as the MP300 series. Call it what you wish, but the MP300 is one of the strongest and most dependable Over and Under Shotguns in the world. You can find a prettier gun, but not a stronger or more dependable firearm. See the table below for options and configurations.

Features & Options: Hammer Forged Barrels, Machined Steel Receiver & Monoblock, Checkered Walnut Stock & Forends, Double Dip Blueing, Hard Chrome Lined Barrels, Ventilated Rib, Cast Off, Auto Selective Ejectors, Auto Tang Safety, Single Selective Trigger, Screw In Choke Tubes, Rubber Butt Pad

Some say the MP310 Sporting Gun is the MP300 on steroids, but everyone says it is the best value in over/under shotguns. EAA called it the IZH27 Sporting and competitors called it a winner. We just call it the best darn over/under for the money. Pick one up today and bust some clays!

Features: Single Selective Trigger, Selective Ejectors (can be turned on or off), Polished Nickel Receiver, Walnut Stock With Right Hand Palm Swell, Hand Cut Checkering, Competition Walnut Forend, Wide Vent Rib, Double Sight Beads, Deep Engraving, Precision Barrel Porting, 4 Screw-in Chokes

MP18: Many have called the MP 18 the workhorse of shotguns. This single barrel shotgun is known world wide for quality, durability and craftsmanship.

Features: Ejector/Extractor, Youth Size Models Available, Break Action, Cocker/Decocker.

BAIKAL BREAK ACTION RIFLES IMPORTED BY USSG

MP18MN: One of the basic tools in every hunter's gun cabinet is the single shot rifle. The MP18MN is not your basic single shot. The hammer forged spiral fluted precision barrel, will make you feel like you are hunting with a rifle costing more. In the last few years this rifle was sold under various other logos. Now you can buy it direct and own one of the finest single shot rifles in the world, at a cost that will leave you smiling.

Features & Options:
Chrome-lined Hammer Forged Barrels, Steel Receivers, Adjustable Sights, 11mm Or Picatinny Scope Rail, Polymer Stock & Forend or Walnut Stock & Forend, 1" Sling Swivel Studs, Cocking Indicator, Cocking/ Decocking Lever, Appealing & Accurate Precision Spiral Cut Fluting

Shown with Optional Walnut Stock/Forend

MP18MN Blue

MP18MN Nickel

MP221

MP221: Every hunter has had the dream of walking on the African plains holding a side by side rifle, ready to face down some big game. We can't sell you the African plains or the big game, but we can sell you the MP221. Baikal realized that you could not make a reasonably priced side by side rifle with the traditional method of barrel regulation, and came up with an elegant solution. Sight in one barrel and adjust the second barrel point of impact via a jackscrew between the barrels.

Features: Auto Tang Safety, Double Triggers, Adjustable Barrel Regulation, 11 mm Scope Rail Or Picatinny Rail, Adjustable Sights, Machined Steel Receiver & Mono Block, Hammer Forged Chrome Lined Barrels, Checkered Walnut Stock & Forend, Extractors
